

# Mineralift

Specially designed for direct application to support remineralization in the soil for improved plant growth and development.

## GUARANTEED ANALYSIS

Calcium (Ca).....2.0%  
Magnesium (Mg).....3.0%  
Cobalt (Co).....0.0035%  
Iron (Fe).....4.0%  
Manganese (Mn).....0.09%  
Derived from basalt

## ALSO CONTAINS NONPLANT FOOD INGREDIENT(S): SOIL AMENDING GUARANTEED ANALYSIS

### Active Ingredient(s):

0.75% Humic Acids (derived from leonardite)  
Total Other Ingredients (Inert as nonplant food ingredients): 99.25%

May increase micronutrient uptake.

**PURPOSE:** Reliable source of secondary nutrients and micronutrients to support plant growth.

**DIRECTIONS FOR USE:** Apply to the soil at a rate of 45-100 pounds per acre. Mineralift may be mixed with most granular applications or other dry products including animal manures. When applying as a mix with other granulated products, ensure even distribution by mixing thoroughly before application. Apply once per year for each crop type. Application above recommended rates may cause injury to sensitive crops. Use only as directed.

For additional information and crop recommendations contact your local extension service or crop advisor.

**CAUTION:** This product contains crystalline silica and should only be used as recommended or it may prove harmful when misused. Keep out of the reach of children. Do not eat, drink or smoke during use.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>
